ASSA IS A BEAUTIFUL STORY from US to YOU. It is coined from the word “AAS” in Hindi and the initials of our loving children, **ASSA** promises to create interiors that smell hope & freshness, look vibrant and stylish affordable.

ASSA's introduction was stemmed primarily from the idea to provide its customer high performance level products to elevate their spaces.

With **ASSA** we wanted to break the general notion that the only way to upraise your interior is through application of wood or wooden interiors.

ASSA provides a solution to upgrade your interior in the most hassle free, cost effective & time saving manner.

Introducing the latest series by **DELBY - ASSA Panels** to seamlessly upraise your intentions. It is available in **40+ shades and textures**. It is a collection curated by mindful selection.
